CRC Postdoctoral Fellowship in Mathematical Analysis and its Applications

Applications are invited for Canada Research Chair Postdoctoral Fellowships in the Department of Mathematics and Statistics at McMaster University. These fellowships provide opportunities to engage in research in mathematics with favorably reduced teaching obligations, and they are particularly suitable for talented mathematicians who have recently completed their Ph.D. Positions are tenable for two or three years, depending on the research project and the available funding. To learn more about the department, please visit our web page.

The fellowships are open to candidates of any nationality and selection will be based on the candidate’s research potential. The successful candidate will work under the supervision of Dr. Walter Craig, Canada Research Chair in Mathematical Analysis and its Applications, and fields of particular interest include Analysis, Partial Differential Equations, Hamiltonian Dynamical Systems and Applied Mathematics. The fellowships normally start September 1, 2019 and provide an annual stipend salary of $50,000, plus a grant for research expenses. Candidates are required to apply for these fellowships by using the MathJobs website by January 1, 2019. See our advertisement at www.mathjobs.org.

Applicants should provide at least three letters of recommendation. At least one of these letters should comment on the candidate’s teaching abilities. Preferably these letters should be submitted through the MathJobs website (see above); they may also be sent directly to:

Dr. Matheus Grasselli, Chair
c/o Postdoctoral Fellowship Applications
Mathematics & Statistics
McMaster University
Hamilton, ON L8S 4K1
CANADA

OR

Dr. Walter Craig, Canada Research Chair of Mathematics
c/o CRC Postdoctoral Fellowship Applications
Mathematics & Statistics, Hamilton Hall 218
McMaster University
Hamilton, ON L8S 4K1

We appreciate all replies to this advertisement, but only applicants under consideration will be contacted. McMaster University is located on the traditional territories of the Haudenosaunee and Mississaugan Nations and, within the lands protected by the “Dish With One Spoon” wampum agreement. In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration and
diversity, and has a strong commitment to employment equity. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. The University seeks qualified candidates who share our commitment to equity, diversity and inclusion. While all qualified candidates are invited to apply, we particularly welcome applications from women, persons with disabilities, First Nations, Métis and Inuit peoples, members of visible minorities, and LGBTQ+ persons.
